Kimberley Ekapa Mining is a regional and broad-based empowered local company and is proud to be part of the more recent history of diamond extraction in Kimberley. It's polished diamonds we're after for these roles - individuals that clearly outshine their peers:

**Kimberley Ekapa Mining Kimberley Ekapa Mining JV**

Kimberley Ekapa Mining JV is the trading name of Ekapa Minerals (Pty) Ltd, a joint venture of Ekapa Mining (Pty) Ltd and Petra Diamonds Ltd, and is situated in the city of Kimberley in the Northern Cape.

## Engineering Foreman (Shaft Electrical) - Wesselton (Re-advertisement)

The successful candidate will be responsible to ensure the efficient supervision and control of the section's processes and maintenance by allocating and managing resources (people and equipment) to attain safety, health, environmental, production, legal compliance and engineering objectives.

**Tasks and responsibilities:** • Supervise and over-inspect daily activities, offer coaching and on-the-job training to ensure maintenance according to organisational standards • Coordinate maintenance as well as statutory inspections and audits by internal and external service providers • Ensure the execution of scheduled and non-scheduled mechanical repairs and installation work as required • Communicate with clients and supervisors to inform on maintenance activity performance and availability of equipment • Perform administrative duties to ensure record accuracy and availability, budget compliance, spares availability and HSE compliance • Ensure implementation and adherence to the Mine's Health Safety and Environmental COPs, policies, procedures and legal requirements within the respective area of responsibility • Work overtime, standby and be available for call-outs should the need arise.

**Minimum requirements:** • Grade 12/N2 • Qualified Electrical Trade Test Certificate at recognised/accredited institution • 5 years' post-apprenticeship experience as a Shaft Artisan is essential • 5 years' Foreman experience on winders, main dewatering pumps, main fans, HT/LT reticulation and compressors - please indicate on CV • General Electronics course • Computer literate in MS Office suite • Valid driver's licence with own transport and cell phone.

**The following will be advantageous (please indicate on your CV and attach relevant certificates):** • Advanced Siemens PLC Course • VSD & Soft Starter Course as well as experience • Mini substation course and experience • Medium-Voltage Switching Certificate • Supervisory Training qualification • IEC Drawings Course.

**Other skills/competencies:** • Sound verbal, written and interpersonal communication skills in English • Sound planning, leading and organisational abilities • Good faultfinding and diagnostic skills • Knowledge of the Mine Health & Safety Act (Act 29 of 1996) • Familiar with mining process and maintenance requirements of all related equipment and structures • Demonstrate the ability to assess work team and to identify training requirements and implement programme for development • Knowledge of PLCs, and relay systems together with some general instrumentation background • MV experience • Familiar with 66kV/5.5kV, 5550/380V reticulation and 66kV system, ie drawings, protection, faultfinding, switching • Working knowledge of large compressors and compressor controls will be an advantage. (Ref. KEM098)

**Applications:** e2-recruitment@petradiamonds.com or fax: 086 659 1334

## Mine Overseer: Drill & Blast

The position will provide timely and professional technical support to the sublevel cave drill and blast section to ensure safe and optimised extraction of the ore body. The role will also provide technical support including planning, design, scheduling, extraction sequencing, modelling, analysis, process improvement, reconciliation and reporting.

**Tasks and responsibilities:** • Plan, extract sequencing, design and schedule sublevel cave ring drilling and blasting - utilising tools such as GEMCOM, Microstation and blast design software • Monitor and react to control the fragmentation and waste dilution within acceptable limits • Ring drilling, timing and blasting performance modelling, in-situ performance assessment and adjustment according to local and global cave and tunnel conditions in consultation with the Geotechnical Engineer • Implement and manage control systems to ensure drilling, timing and blasting • Drill and blast cost planning as well as reconciliation, monitoring and improvement of cost • Participate in compiling the Strategic Business Plan for the Mine • Manage Drill and Blast database • Maintain and improve safe work practices.

**Minimum requirements:** • Recognised BTEch/BSc, BEng degree or National Higher Diploma in Mining Engineering • Mine Overseer's or Mine Manager's Certificate of Competency (Metaliferous Mining) • At least 7 years' underground mining experience in mass mining (please clearly indicate on CV) • 3 years' underground mining experience in a supervisory capacity • Valid driver's licence • Competent in MS Office suite • Working knowledge of specialist drill and blast design software will be an advantage (please clearly indicate on CV) • Competent in GEMCOM/PCSLC/Ring design or Mine 24D (please clearly indicate on CV).

**Other skills/competencies:** • Good verbal and written communication skills in English • Managerial/supervisory experience • Technical design and analysis • Planning, coordinating and prioritising skills • Analysing and interpreting of information • Applicable legal knowledge and understanding • Decision-making ability in a fast changing environment. (Ref. KEM099)

**Applications:** e1-recruitment@petradiamonds.com or fax: 086 692 2442

## Rigger - Wesselton

Applications are invited from suitably qualified applicants who will be responsible for all rigging operations with respect to maintenance operations.

**Tasks and responsibilities:** • Inspect, diagnose and perform trade-related maintenance • Develop, modify, construct and install all types of trade-related equipment • Maintain lifting equipment, winder ropes and attachments • Perform shaft slinging, rigging and heavy lifting work in surface, underground and vertical shafts using rigging equipment and mobile/overhead cranes • Comply with legal and mine safety standards and procedures in all work performed according to the Mine Health and Safety Act • Conduct regular safety inspections and initiate corrective action if necessary.

**Minimum requirements:** • Grade 12/N2 • Qualified Rigger with a Trade Test Certificate from a recognised/accredited institution\*\* • 3-5 years' experience as a rigger in an underground and shafts environment • Experience in double drum winders and Koepe winders - please indicate on CV • Experience in splicing steel ropes - an advantage - please indicate on CV • Valid driver's licence.

\*\*Candidates holding a QCTO (Section 26D) Trade Test, where the learning route is not specified on the Certificate, must submit the following: Statement of results issued by an accredited MQA trade test centre as well as evidence of training conducted at a technical training centre (eg Portfolio of Evidence, Logbooks).

**Other skills/competencies:** • Sound knowledge of relevant legislation • Sound knowledge of engineering principles • Safety conscious with rigid engineering knowledge on winder ropes • Mobile crane licence would be an advantage. (Ref. KEM100)

**Applications:** e2-recruitment@petradiamonds.com or fax: 086 659 1334

Kimberley Ekapa Mining (KEM) JV is an equal opportunity employer. Preference will be given to suitable candidates from the designated groups in line with the Company's Employment Equity. Pre-screening, profile testing, assessments, medical and security clearance form part of the recruitment and selection process. Short-listed candidates will be required to attend a panel interview. Employment of the successful candidates is subject to the aforementioned criteria. Preference will be given to candidates who reside within our host labour sending area of Frances Baard District Municipality (proof of residence may be requested).

Please complete an application form (available on <http://www.petradiamonds.com/careers/current-vacancies>) and forward, together with your resumé, qualifications, ID as well as contactable references of previous employers, to the e-mail address and fax number indicated at each post by 24 April 2017. Please note that incomplete documentation will not be considered.

If you have not heard from us within 30 days of the closing date, please regard your application as unsuccessful.

Please note that Kimberley Ekapa Mining JV does not at any time require any form of payment for recruitment purposes. If you are approached in this regard, you should report the incident immediately via one of the following hotlines: South Africa 0800 22 22 00 (toll-free from an RSA landline) or international +27 12 305-2711. <http://www.petradiamonds.com/careers/current-vacancies>

# Music Festival with Pieter Naudé & Elmarie de Witt
