

RLM'S MSCOA GO LIVE

Rustenburg – The Rustenburg Local Municipality (RLM) has successfully implemented a new classification framework known as the municipal Standard Chart of Accounts (mSCOA), on 1 July 2017, according to Thapelo Mathebesi, municipal spokesperson.

This is in compliance with the Government Gazette 37577 issued on 22 April 2014. This framework is expected to have numerous benefits at both a macro and a micro level. The implementation of the mSCOA goes beyond a simple information technology project and is rather a business transformation project that will fundamentally transform how the municipality conducts all its operations.

An mSCOA compliant implementation will:

- Have an IDP and projects budget, compiled in mSCOA segments, resulting in few adjustments;
- Enable a Trial Balance to be drawn in each of the

applicable segments;

- Enable daily transactions to be captured in the correct accounts and the municipality to perform its daily operations;
- Have a portal function for input into national data warehouse.

The benefits to the residents are enormous, namely that the system eliminates repetitive processes and greatly reduces the need for manual entry of information. It streamlines business processes and makes it easier and more efficient for the municipality to collect data and hence improves efficiency.

All information is located in a central and single location. Data is kept consistent and up to date. This leads to better decision making and integrated information and reporting.

Residents can expect better customer service and

improved interaction with customers through faster, more accurate access to customer information and history. Most importantly, the system will help the municipality to accomplish a clean audit, as it brings a systematic, disciplined approach to evaluate and improve effectiveness of risk management, control and governance processes. Overall, the key objective is to ensure transparency in the operations of the municipality.

This milestone is another commitment from the Rustenburg Local Municipality, as lead by executive mayor, cllr. Mpho Khunou, MMCs as well as the municipal manager and her team.

Rustenburg Local Municipality, through action, wants to again reaffirm its commitment to all residents of making Rustenburg a 'World Class City where all communities enjoy a high quality of life.'

Department:
Rural, Environment and Agricultural
Development
North West Provincial Government
REPUBLIC OF SOUTH AFRICA

CALL FOR PROJECT PROPOSALS FOR FUNDING IN 2018/2019

The North West Provincial Government has identified three key pillars for economic growth, namely; Agriculture, Culture and Tourism (ACT). Agriculture being at the apex of Culture and Tourism Sectors, Agriculture is a lead sector to address triple challenges of the Province, which are poverty, unemployment and inequality (preference to Women, Youth and People with Disability).

The Department of Rural, Environment and Agricultural Development (READ) in line with the adopted commodity approach has identified four programmes, namely; Crop production, Livestock production, Horticulture production, Aquaculture and Fishery that addresses Food Security.

North West Province Agricultural Producers throughout value chain are invited to participate in the identified departmental programmes by completing **Participation Application Form**, obtainable from Local Developmental Centers (LDC's). Applicants with access to land are advised to consider the Agricultural projects / businesses that have a comparative advantage in their respective Districts. Further information on Districts competitive and comparative advantage is obtainable from the Department Local Development Centers (LDC's).

An applicant may choose to be supported by one and or combination of the following;

1. On-and-off Farm Infrastructure, and Production Inputs,
2. Farmer Training, (skills development and capacity building),
3. Marketing and enterprise Business Development,
4. Agro-processing Business Development Support,
5. Land Care.

Applications should be directly submitted at the Local Development Centres as listed below, on or before 31 July 2017. No late, faxed or emailed applications will be acceptable. The Department reserves the right to consider any application. Successful Applicants will be required to enter into funding agreement with the Department.
