## Who's the lucky Rustenburg millionaire? R19M Lotto Jackpot awaits claim

Rustenburg – The National Lottery operator, ITHUBA, has announced that a life-changing R19 million Lotto jackpot has been won by a participant who purchased their ticket at a Spar in Rustenburg. The winning ticket, bought for R60 with manually selected numbers, came from draw number 2492, which took place on Wednesday, 20 November 2024.

ITHUBA CEO Charmaine Mabuza urges all participants who played Lotto at a Spar in the

Rustenburg area to check their tickets immediately. "We want to ensure the lucky winner comes forward to claim their prize," she said.

In addition to this jackpot, as of 30 October 2024, over R257 million in lottery prizes remain unclaimed across various games. These include a PowerBall PLUS jackpot of more than R3.4 million, purchased in Louis Trichardt on 19 January 2024, and a Daily Lotto prize of R640,100, bought in Carletonville, Gauteng, on 5 January 2024. Both prizes are set to expire on 19 January 2025 and 5 January 2025, respectively.

Winners have 365 days from the draw date to claim their prize, so don't delay! ITHUBA also advises participants to handle their tickets carefully. Write your name and ID number on the back of your ticket to ensure your claim process is smooth and secure. All lottery winnings are tax-free, but players must be 18 years or older to participate. ITHUBA reminds everyone to play responsibly.

## HORROR HIJACKING: VICTIMS ESCAPE BURNING DEATH

**Rustenburg** – A terrifying hijacking incident unfolded in Geelhoutpark on the evening of Sunday, 24 November 2024, leaving two men shaken but miraculously alive after a narrow escape from death.

The victims, a man in his twenties and his brother-in-law, were traveling to a local garage when their journey took a dark turn. At a stop street, two armed suspects forced their way into the vehicle, holding the men at gunpoint. The hijackers forced the driver to continue toward an isolated area near Rustenburg Kloof, where the ordeal intensified.

The suspects forced the car to stop in the bushes and quickly stole all the valuables inside. They then tied the two men up next to the vehicle and doused both the car and the grass surrounding the victims with petrol. Finally, they set the petrol alight, leaving the

men dangerously close to the spreading flames. Miraculously, one of the victims managed to free himself and his companion before the flames reached them. Both men escaped with minor injuries, including scrapes and bruises. The remains of the vehicle, now charred, serve as a stark reminder of the growing dangers on Rustenburg's roads.

Rustenburg SAPS spokesperson, Ofentse Mokgadi, confirmed the incident, stating, "A case of hijacking and malicious damage to property has been opened. Detective sergeant Bonnie Seforo is leading the investigation, though no arrests have been made yet." Authorities are urging residents to exercise caution, particularly at night, as incidents of violent crime in the area rise.

The burned-out wreckage of the hijacked vehicle, a haunting reminder of the nightmarish ordeal.

## SAPS CLARIFIES: NOT CHILD KIDNAPPING, JUST CELLPHONE THEFT

**Rustenburg** – On Friday, 22 November 2024, social media was abuzz with reports of a child being kidnapped near Lebone College II in Phokeng. According to the circulating posts, a child was allegedly abducted by two men in a VW Polo, with an eyewitness heroically chasing the suspects and alerting the police, leading to the child's rescue.

However, Rustenburg SAPS communications officer, Ofentse Mokgadi, clarified the situation, confirming that there was no kidnapping. "The incident was a robbery, where the suspects stole the child's cellphone before fleeing the scene," said Mokgadi.

The vigilant witness who saw the robbery unfold immediately followed the suspects and contacted authorities. With the assistance of the Royal Bafokeng Response team, the vehicle was eventually stopped, and the two suspects were apprehended.

The suspects, aged 32 and 35, appeared in court at the Bafokeng Magistrates Court in Thlabane on Monday, 25 November 2024. They are currently remanded in custody and will appear again on 3 December 2024, facing charges of robbery.

The SAPS urges community members to stay informed through official sources and to report any suspicious activities to the police.

## EX-TRANSPORT CHIEF FACES SENTENCE AFTER GUILTY PLEA IN SA EXPRESS MATTER

**Mahikeng/ Pilanesberg** – Bailey Mahlakoleng (56), the former Head of Department at the North West Department of Community Safety and Transport Management, was sentenced following his guilty plea in the North West High Court on Friday, 22 November 2024, for contravening the Public Finance Management Act (PFMA) in connection with the controversial SA Express matter.

Mahlakoleng's guilty plea stems from an investigation led by the Hawks' Serious Corruption Investigation unit. The case revolves around allegations of improper procurement processes when the North West Department entered into a contract with SA Express in 2015 to provide airline services for the North West province.

In 2014, the provincial government made the decision to revitalise the Mahikeng and Pilanesberg airports to enhance the transportation of passengers and goods. A subsequent meeting in August 2014, attended by MECs and high-ranking government officials, saw presentations from six airlines vying for the contract. Following this meeting, Mahlakoleng, as the department's Head, recommended SA Express to the province's EXCO as the preferred service provider.

The resulting five-year contract required the department to pay approximately R409 million to SA Express and three management companies hired for ground handling services. However, the contract ended after just three years, and during this time, the department incurred a loss of R186 million, with over R83 million paid to the ground handling companies. Investigations revealed that these companies did not provide the promised services, and

funds were found to have been unduly diverted to other individuals who now face charges in relation to the matter. As the accounting officer at the time, Mahlakoleng failed to adhere to the proper procurement procedures when appointing SA Express. He was arrested in September 2022 and released on bail, later entering into a plea and sentencing agreement with the State. Mahlakoleng pleaded guilty to three charges under the PFMA, and in exchange, the State agreed to a non-custodial sentence.

Mahlakoleng, who had no previous criminal record, acknowledged his actions were influenced by political pressure to bypass correct procurement processes. He was sentenced to two years imprisonment, or an alternative fine of R200,000, and given a further five years imprisonment, which is suspended for five years on the condition that he does not commit any further PFMA violations or dishonest acts during this period.

The sentencing was welcomed by the North West acting Hawks Head, brigadier Silas Munzhedzi, and the director of Public Prosecutions in North West, Dr. Rachel Makhari, who praised the cooperation between their departments in ensuring accountability and justice in this case.

Bailey Mahlakoleng, former head of department at the North West Department of Community Safety and Transport Management, outside court after his guilty plea in the SA Express matter.

## Spiked twice: company vehicle strikes trouble on N4 near Rustenburg

**Rustenburg** – On Friday evening, 15 November 2024, a company vehicle was the target of a spiking incident on the N4, approximately 20 km from Rustenburg, heading towards Swartruggens, around 20:00.

The driver of the Toyota bakkie struck the spikes, but, fortunately, managed to steer the vehicle safely off the road, narrowly avoiding other oncoming traffic. "We had live tracking on the bakkie," explained company management. "We immediately dispatched two of our employees in other vehicles to assist, and they successfully changed the tyre, allowing us to continue our journey."

However, the relief was short-lived. Another 20 minutes down the road, near Moedville, the vehicle was spiked again, leaving the driver with no choice but to replace the tires once more. Despite the repeated tire damage, thankfully, no one was harmed, and no robbery occurred during either incident. The police were not contacted.

- **Travel during daylight hours** when possible, as spiking incidents predominantly occur at night.
- **Remain vigilant** and reduce your speed, especially in poorly lit areas after dark.
- If you hit an object on the road, do not stop immediately. Drive to a safe location before inspecting your vehicle.
- Report any suspicious activity or objects to 0800 BAKWENA (0800

2259362) for immediate assistance.

### The N4 at night is becoming a war zone — please be extra cautious.

This unsettling spiking incident follows a similar, even more dangerous situation that occurred just a week earlier. On 8 November 2024, a man traveling from Rustenburg to Pretoria found himself in a life-threatening situation on the N4 near Brits and De Wildt. According to SAPS colonel Adel Myburgh, at approximately 20:30, the man encountered a rock barricade deliberately placed by robbers, causing his tire to blow out. As he attempted to change the tire, four armed assailants ambushed him and began shooting. Despite being shot in the chest, the man managed to flee and was later discovered alive, his survival a remarkable testament to his resilience.

The scene where the body was discovered on Dinie Estates Road, sparking an investigation into a suspected electrocution.

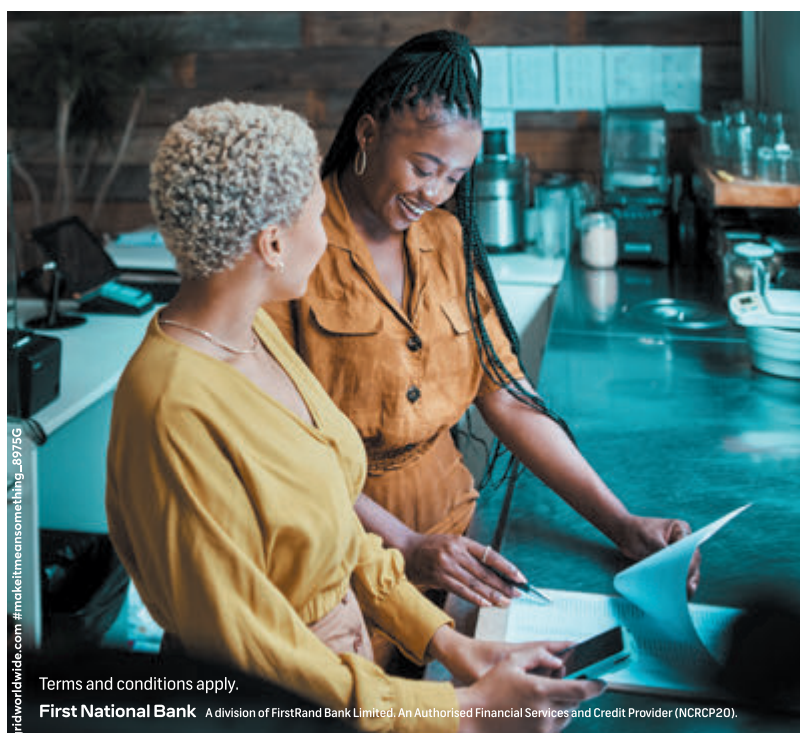

## Tragic Discovery on Dinie Estates Road

**Rustenburg** – A tragic incident unfolded on Tuesday, 26 November 2024, when *Platinum Weekly* newspaper was alerted by a concerned member of the public about a body found on Dinie Estates Road.

The deceased, a 38-year-old male, was reportedly visiting his cousin from Rasimone. According to community members, the body was discovered by a passerby on their way to work, who immediately notified authorities.

Rustenburg SAPS communications officer, Ofentse Mokgadi, confirmed the discovery and stated, "We can confirm that police are investigating an inquest docket. A passerby spotted the body and reported it. It seems that he was electrocuted, but investigations are still underway."

Engineering Graduate

This isn't a story, **it's a journey.**

I'm Pheny Dantjie, a 24-year-old engineering graduate from Robega, North West, working at Glencore's Boshhoek Smelter, where I'm actively shaping my future.

Growing up, I was fascinated by how things work and dreamed of a career in engineering. That dream crystallised in 2018 when Glencore awarded me a bursary to study Mechatronics Engineering at the University of Cape Town.

The role of junior engineer within Glencore's Professionals in Training programme has been enriching; no two days are the same. I'm working on projects that challenge me, from finding solutions to day-to-day problems to implementing a machine learning project to enhance our efficiency in maintaining equipment.

Glencore's support goes beyond technical training. I've gained soft skills too. My mentors and colleagues encourage me to think outside the box and provide guidance when I need it, allowing me autonomy as I grow and learn.

I'm determined to inspire young people to pursue STEM careers and follow their dreams, just as I am doing. I'm excited to see where my journey takes me.

## Molorwe community rejects mining permit application amid concerns over illegal mining and leadership issues

[letter to the editor]

We have taken note of the notice of consultation for a mining permit application at Farm 134JP Bierkraal (Ref No. NW/30/5/1/3/2/11623 MP) in *Platinum Weekly*.

As a community, we are deeply concerned about the increasing number of companies applying for mining permits and prospecting rights on our communal land. There has been a rise in illegal mining activities in nearby villages such as Tlhatlhaganyane, which have had a negative impact on those communities and the livelihoods of the people. This is especially concerning in light of the recent Stilfontein story on the news. In one of the mining companies that applied for prospecting rights at the DMRE, research has revealed that one of the directors is involved in various criminal offenses, including facing charges of theft of precious minerals.

Additionally, there is an ongoing dispute between the Batlhalerwa and Bakgatlha-Ba-Kgafela tribal authorities regarding the ownership of Farm 134JP Bierkraal.

We, the community members of Molorwe (Bierkraal), are mobilising to remove our current Kgosana due to his conduct in forcing community members to accept any mining company without proper background checks. His lack of transparency and disregard for the community's concerns have contributed to the current state of disarray in our community. We believe that he is the one engaging these dubious mining companies to prospect on our communal land. These matters have been referred to COGTA and the DMRE.

We have previously requested that the DMRE halt all mining and prospecting rights applications until all ongoing disputes have been settled and a properly functioning council is formed. This council should conduct thorough due diligence on any interested mining companies and prioritise the well-being of the community. We are not in a position to allow mining operations on our communal land and hereby reject this mining permit application.

# Future of South Africa's Captive Lions in Question

## Plan Sparks Fears of Industry Collapse

SA – The Department of Forestry, Fisheries and the Environment (DFFE) has rolled out a **Voluntary Surrender Programme** for lion bones and derivatives, igniting a **fierce national debate**. While some see this as a necessary move to align South Africa's conservation practices with global standards, others warn it could **devastate the captive lion industry**, with long-lasting consequences for lion populations and livelihoods.

- Voluntary Surrender Programme**  
Under the new initiative, the DFFE will oversee a programme allowing facilities to legally dispose of lion bone stockpiles. Facilities that opt in must:
- **Sterilise their lions** to prevent further breeding.
  - **Maintain high welfare standards** for lions in their care.
  - **Cease acquiring or accepting new captive lions.**
  - Obtain the necessary **Threatened and Protected Species (TOPS) permits.**

Minister Dr. Dion George stated, "This programme balances sustainable use with the need to address ethical and conservation concerns while safeguarding jobs for vulnerable individuals."

**A Divisive Proposal**  
Critics of the programme argue that it could dismantle the already struggling captive lion industry, potentially leading to unintended consequences. Without the industry, they claim,

captive lions may face neglect or abandonment, while local communities reliant on lion breeding could suffer severe economic hardship.

Proponents, including conservationists and animal rights groups, contend that the captive lion industry damages South Africa's global reputation and ethical standing. They argue that the surrender programme offers a pathway to phase out an unsustainable and controversial practice while addressing animal welfare concerns.

- Industry Perspectives**  
Those in the lion breeding sector warn that the collapse of the industry could result in:
- Increased pressure on wild lion populations due to illegal poaching.
  - The loss of thousands of jobs in rural communities.
  - A spike in unregulated activity, as abandoned lions or facilities may fall prey to black-market operations.

**Next Steps**  
The DFFE has stressed that participation in the programme is voluntary and that all information provided will remain confidential. Registration does not bind participants to the programme but allows them to explore exit options. For more details or to register, visit: [https://www.dffe.gov.za/sites/default/files/legislations/nema\\_lionbonestockpilesurrender\\_g51551gn5539.pdf](https://www.dffe.gov.za/sites/default/files/legislations/nema_lionbonestockpilesurrender_g51551gn5539.pdf)

**A Crossroads for Conservation**  
South Africa's captive lion industry faces a pivotal moment. The debate surrounding the Voluntary Surrender Programme underscores the nation's challenge of balancing ethical conservation, economic realities, and the welfare of its iconic wildlife and its people.

## The Government's Plan to 'Protect' Lions will Actually Kill Them!

[letter to the editor]

The future of South Africa's captive lion population is at risk, and I am deeply concerned about the so-called "Voluntary Surrender Programme" proposed by the Department of Forestry, Fisheries, and the Environment (DFFE).

As someone who has dedicated their life to the lion industry, I cannot stay silent while this **ill-conceived plan threatens to wipe out both the industry and the lions it claims to protect.**

restricted to a handful of parks like the Kruger National Park? That would simply **concentrate poaching and illegal hunting**, as poachers would know exactly where to find them.

**In captivity, lions are cared for. They are fed, loved, treated for illnesses, and given proper attention.** Yes, when older lions are humanely euthanised, some are used for trophy hunting, which generates significant international income for South Africa. This practice supports livelihoods, funds conservation efforts, and ensures humane treatment of animals at the end of their lives.

What the government is proposing will not only destroy a vital economic sector but also wipe out captive lions entirely. Labelling this initiative as an "ethical move to align with international standards" is laughable. **It's not ethics; it's ignorance.** The individuals behind this decision clearly do not understand the realities of lion care or the economic benefits this industry brings to South Africa.

I implore the DFFE to reconsider this catastrophic plan. South Africa deserves policies that support its people, its economy, and its wildlife — not policies that destroy all three.

Sincerely,  
**A Very Concerned Lion Industry Stakeholder**

## Kreatiwiteit in aksie by Kashane VLU Aandtak

Rustenburg – Die Kashane Vroue Landbou Unie (VLU) Aandtak het op Dinsdag 12 November 2024 hul maandelikse vergadering gehou, en dit was niks minder as inspirerend nie. Die dames het deelgeneem aan 'n unieke en kreatiewe sessie, waar Ansie Baxter hulle gewys het hoe om gewone koeverte in pragtige kunstwerke te omskep deur servette en 'n eenvoudige stryk proses te gebruik.

Elke dame het haar verbeelding vrye teuels gegee en haar eie unieke skepping ontwerp. Van klassieke blommotiewe tot helder en kleurvolle patrone, die koeverte het soos ware meesterstukke gelyk. Die projek het nie net kreatiwiteit aangewakker nie, maar ook die waarde van handgemaakte items beklemtoon, iets wat persoonlike raakpunte by elke geskenk of brief voeg.

# DISTEMPER OUTBREAK at Rustenburg SPCA

Please note that we will not be responding to comments on social media posts. We encourage anyone with questions or complaints to contact us directly via email at [vicechair@spcarb.org.za](mailto:vicechair@spcarb.org.za) or [chairman@spcarb.org.za](mailto:chairman@spcarb.org.za). We will respond to each inquiry individually and with care.

On behalf of the Rustenburg SPCA committee, we extend our gratitude to our loyal supporters and members of the public for their ongoing support and compassion for our SPCA.

Kindly take notice that there were isolated incidents of distemper in our kennels, but we wish to confirm that this has escalated to an outbreak of distemper throughout the kennels. Strict biosecurity measures are being put in place to avoid further contamination and to contain the spread of the disease. Canine distemper is a viral disease and there is no specific treatment for distemper. It is against this background that we would like to address recent concerns circulating on social media and clarify the situations involving some of the animals in our care.

**Skyler**

Skyler was surrendered to us due to issues with aggression towards her by their other dogs. While her original owners were given the opportunity to adopt her again, the adoption process requires fairness and adherence to rules. Unfortunately, Skyler's meet-and-greet with the prospective adopters' dogs did not go well, and she could not be placed back in their care.

Over time, as Skyler remained in the kennels, she developed severe kennel stress which refers to

the physical and psychological strain that animals, particularly dogs, can experience when confined in a kennel or shelter environment for an extended period. While kennels are often necessary for temporary housing, the unfamiliar surroundings, limited space, and lack of consistent social interaction can take a toll on an animal's well-being. This is a common challenge for dogs kept in shelters for extended periods, often leading to deterioration in their mental and physical health. Due to the psychological strain that Skyler was under, a difficult decision was made to humanely euthanize her.

**Jessica**

Jessica and two other dogs were surrendered to the SPCA after they were reported to have killed sheep on a farm. On 19 November 2024, the original owner's family inquired about re-adopting Jessica. While we guided them through the adoption process, strict rules had to be followed to ensure Jessica's successful integration into a new home.

Before the meet-and-greet could take place, Jessica began showing signs of illness. She was tested and diagnosed with distemper. For the safety of other animals in our care, Jessica was isolated and treated. Throughout the process, we maintained communication with the family. Sadly,

RUSTENBURG

despite our best efforts, Jessica passed away on 25 November 2024 while under our care.

**Molly**

We extend our heartfelt condolences to the family who intended to adopt Molly. Molly also contracted distemper while in our kennels. Molly was sent to the vet to be sterilised, where they noticed that she had a high temperature and therefore did a distemper test on her. This test has come out as positive, and she was humanely euthanized to prevent further suffering as there is no cure for distemper.

**Our commitment**

We understand the public's concerns as well as the devastating effect of distemper on our animals, but we can assure you that every decision made by the management committee of the Rustenburg SPCA aimed at the welfare of the animals in our care. The outbreak of distemper in our kennels has taken a significant emotional toll on our staff and committee members and we plead for your continued support and understanding.

We sincerely appreciate your support as we continue to combat this devastating virus.

# IMPALA PEO ESD FUND TO EMPOWER LOCAL SMMES

The launch of the Impala Peo ESD Fund took place in November at the Impala Visitors Centre

**Rustenburg** – Impala Platinum Pty Limited (Impala) has launched the Impala Peo Enterprise and Supplier Development (ESD) Fund, a major initiative aimed at empowering local small, medium, and micro enterprises (SMMEs) across the Rustenburg region.

The fund has committed R50 million over five years to provide accessible, low-interest financing to black-owned businesses — with a focus on women- and youth-led enterprises — located in the communities that host the Impala Rustenburg and Impala Bafokeng's operations. The initiative seeks to build economic resilience, fuel job creation and drive inclusive economic growth.

To address the funding barriers faced by small businesses, the Impala Peo ESD Fund is structured around two funding streams to meet the specific needs of local suppliers:

1. Short-term funding: R25 million is dedicated

to helping SMMEs fulfil short-term orders. This funding stream offers low-interest loans of between R50 000 and R2 million, enabling businesses to deliver confirmed orders with a quick turnaround time. Loan repayment will be expected on successful delivery and payment by Impala clients.

2. Medium-term funding: R25 million is allocated to supporting enterprises with medium-term contracts. Loans from R250 000 to R5 million will be made available to enable businesses commit to and complete larger, sustained projects, which take place over 12 to 36 months. Loan financing is set at a 5% interest rate and is designed to cater for both short- and medium-term projects. As such, the fund empowers businesses by providing much-needed cash flow solutions over the life of the project.

The Impala Peo ESD Fund will also support

enterprises by providing access to market opportunities, infrastructure, and a range of business services, equipping them for sustainable growth. Each business applying for a Peo Fund loan will undergo a due diligence process to confirm eligibility, with criteria including geographical focus, black ownership, an annual turnover below R50 million, and compliance with community and regulatory standards. Priority will be given to black-owned SMMEs led by women and youth.

At the fund's launch on Thursday 7 November 2024, Impala Rustenburg's head of sustainable development, Martin Pieters, said the Impala Peo ESD Fund represented a groundbreaking move for the company, one that is rooted in a commitment to uplift and empower local communities. "Our goal is to create socioeconomic opportunities where they are most needed. By facilitating access to finance and opening market opportunities, we're fostering

the right conditions for local enterprises to thrive and contribute to the regional economy."

Acting executive mayor for the Rustenburg Local Municipality, Karabo Phutu, praised the fund as a vital force for economic empowerment, especially for women and young entrepreneurs. "The Impala Peo ESD Fund is creating pathways for local business growth, job creation and skills development, and positioning these enterprises to become cornerstones of our community and economy," he said.

The Impala Peo ESD Fund will target SMMEs in communities within the sphere of influence of the Impala Rustenburg and Impala Bafokeng operations, including Bafokeng communities, Freedom Park, Meriting, Seraleng, Phatsima and Boshhoek, bringing a focused approach to economic inclusion and sustainable development.

## Is Rustenburg going to get a university?

[letter to the editor]

I am writing to request an update on the proposed transfer of portion of Erf 2243, Geelhoutpark Extension 6, Rustenburg — an area spanning 21.5 hectares — from the Rustenburg Local Municipality to the North West University (notice number: 56/2023).

This transfer aims to support the establishment of a School of Sustainable Mining, a project that could bring lasting educational and economic benefits to our community.

Notices initially indicated that community members had until 21 December 2023 to submit comments or objections, but since then, there has been no communication on the progress of this proposal.

This initiative holds great promise for Rustenburg, creating academic pathways and strengthening our existing local colleges.

If you have any updates, the community would deeply appreciate your insights. The establishment of a university here could serve as a vital foundation for growth and opportunity in Rustenburg.

**Sincerely,  
Rustenburg resident**

• *Platinum Weekly* newspaper contacted the Rustenburg Local Municipality for a response, but we have not received any feedback.

## Donate books to the Rustenburg SPCA

**Rustenburg** – The Rustenburg Society for the Prevention of Cruelty to Animals (SPCA) is calling on the community to donate books for their upcoming book sale. While the date of the sale is not yet confirmed, the collection of books is already in full swing to ensure a successful event that will raise crucial funds for animals in need.

Marisa Kruger, the inspector and manager of the Rustenburg SPCA, encourages residents to participate. "We urge everyone to donate books they no longer need," she said. "Each book donated goes a long way in supporting the welfare of the animals in our care."

This ongoing book collection is a perfect opportunity for community members to declutter their shelves and support a worthy cause. Whether you have a few novels, children's books, or non-fiction volumes to spare, your donation can make a significant impact.

## RAF HALTS AN ESTIMATED R65 MILLION'S WORTH OF FRAUDULENT CLAIMS

SA – The Road Accident Fund (RAF) has blocked the disbursement of R65 million's worth of claims over the last three financial years as part of a crackdown on fraudulent and corrupt activities. A total of 2,031 fraudulent claims were rejected – 870 in 2023/2024, 713 in 2022/23, and 448 in 2021/22. These are claims that were not processed and finalised because of their fraudulent nature.

Over R1 billion in fraudulent claims were identified for rejection to safeguard the Fund's financial resources and rightfully direct them to road crash survivors. This also occurred over the past three years. The Fund's fraud detection strategy aims to enhance the operational plan of ensuring that the RAF reduces the time it takes to pay legitimate claims to claimants that are genuinely impacted by road crashes.

RAF chief executive office, Collins Letsoalo, said: "Fraud costs the RAF money and negatively impacts service delivery to road crash victims and their families. We encourage all road crash survivors who suspect fraudulent activity from any party – internally or externally – to report it with immediate effect."

The RAF continues to enhance its anti-fraud and corruption efforts throughout the organisation in order to benefit road crash victims whose lives are sometimes changed forever by motor vehicle accidents.

People who suspect fraud being committed against the Fund can contact 0800 005 919 anonymously. In the unfortunate event of being involved in a motor vehicle accident, the RAF Contact Centre is reachable on 087 820 1111 from Mondays to Fridays, 07h45 to 16h00. The RAF can also be reached through its offices countrywide, details of which are available on its website on [www.raf.co.za](http://www.raf.co.za).

**HAVE YOUR SAY**

**Do you believe in life beyond Earth?**

Are we alone, or could aliens really exist? With billions of stars and planets in the universe, many wonder if we're truly alone. From mysterious signals to the discovery of distant, Earth-like planets, science offers intriguing hints. Do you believe other forms of life exist out there, or are we unique?

Personally, I lean toward the belief that aliens might exist. The universe is unimaginably vast, with countless stars and planets, making it seem unlikely that Earth is the only place where life has emerged. While definitive evidence remains elusive, the possibility of life — be it simple microorganisms or advanced civilizations — is far too fascinating to dismiss. So yes, I believe we're not alone. **Nqobile Hlatshwayo, Rustenburg**

Yes, in short, I believe life exists on other planets. The universe is vast and largely unexplored — our observable portion represents only a tiny fraction of the whole. With advancements in technology, we've discovered planets that could support life, but we're far

from finding concrete evidence. While media and conspiracy theories often trivialise the topic, I take it seriously. Religion, in my view, neither confirms nor denies the possibility of extraterrestrial life and wouldn't conflict with its discovery. If we do find life, it's likely to be simple organisms rather than advanced civilizations, and meaningful interaction seems improbable. Perhaps there's a reason we haven't found them, and maybe it's best that way. For now, our focus should remain on protecting Earth and addressing the challenges we face here. **Eben Stoltz, Rustenburg**

**FUN FACT**

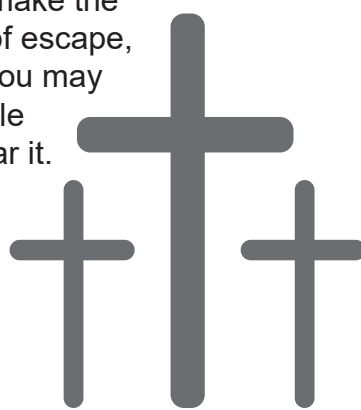

**Did you know?**

China's ancient "nail-free" wonder still stands! Did you know China is home to the world's oldest stone arch bridge? The Zhaozhou Bridge, built around 605 AD, is an engineering marvel that's stood for over 1,400 years — without a single nail! Designed by master craftsman Li Chun, the bridge uses interlocking stones in a segmental arch design, making it lighter and flood-resistant. Its clever "spandrel holes" allow water to flow through during floods, protecting the structure. Located in Hebei Province, this historic masterpiece is a testament to the ingenuity of ancient China. Nail-free but rock solid, it's truly built to last!

# Thrills, tastes, and turbocharged excitement at Airspan Family Fun Day

Alex and Luke van Niekerk admiring the sleek Formula 1 cars, owned by Binnelanders actor Francois Jacobs and renowned rapper Early B, at the Airspan Family Fun Day.

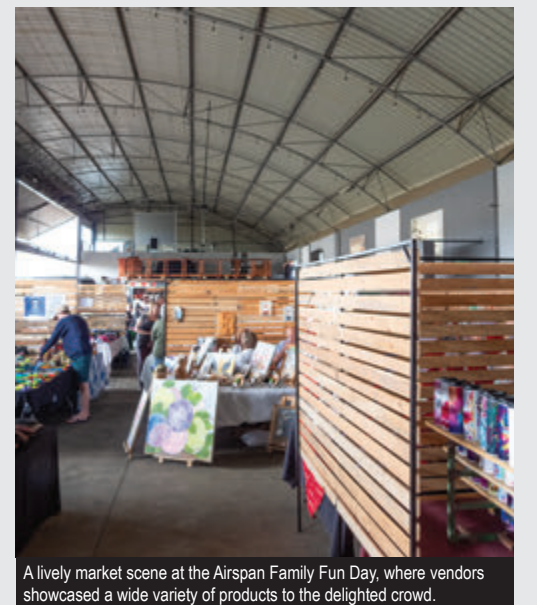

**Rustenburg** – Airspan Executive Airport transformed its fields on Oorsaak Road into a vibrant hub of entertainment during the Airspan Family Fun Day on 9 and 10 November 2024. The weekend was packed with activities that catered to all ages, making it a true community celebration.

Meanwhile, adults enjoyed the live music performances and mouthwatering delights from the variety of food trucks. Shoppers strolled through the bustling market, picking up unique products while enjoying the lively atmosphere.

But the real crowd-puller was the presence of two sleek Formula 1 vehicles, owned by the famous Binnelanders actor, Francois Jacobs, and celebrated rapper Early B. The high-speed machines were a huge hit, drawing awe from both car enthusiasts and families alike.

Alex and Luke van Niekerk were thrilled by the spectacle. Alex shared his excitement, "Wow, bringing a Formula 1 car to a family fun day? That's next-level cool."

The event showed just how Airspan Executive Airport knows how to blend thrilling entertainment with community spirit, leaving everyone with smiles, memories, and a greater appreciation for the high-flying fun the weekend offered.

A lively market scene at the Airspan Family Fun Day, where vendors showcased a wide variety of products to the delighted crowd.
